Description: (Includes arrangement, types of material, subjects covered, etc.)

This material covers the administrations of two Presidents of the Medical College of Ohio.

Richard Ruppert was the President of the Medical College of Ohio from 1978-1993, becoming MCO's first President Emeritus upon his retirement. During his tenure as President, Dr. Ruppert was active in a wide variety of activities, including the American Medical Association, being on the Board of Trustees for Coughlin Memorial Hospital, and seeing patients referred to him by other physicians. His influence at MCO was so strong that in 1993, the school's physical health building was renamed the Richard D. Ruppert Physical Health Center.

Roger C. Bone was the President of the Medical College of Ohio from 1993 to 1996

The series is arranged alphabetically by subject and chronologically by folder. They detail Ruppert's wide range of interests and interactions, and include such things as his personal correspondence, interdepartmental correspondence, special events, budgets, complaints and commendations, State of Ohio legislation, and a wide range of other papers involved in various aspects of running a college. Files pertaining to the Ruppert administration range from 1960, providing background for projects that were finished during Ruppert's tenure, to 1995, when he continued a relationship to the College as President Emeritus.
