Description (include arrangement, types of material, subjects covered, processing notes, etc.):

Series consist of the records of the actions of the conference committee concerning issues of tenure, promotion, and salary grievances filed by UT faculty members. The Conference Committee was abolished in 1992 when UT faculty selected the American Association of University Professors as its collective bargaining agent.

The records include minutes, correspondence, memoranda, communication with various academic administrators (including the president), and case files. Included is information on faculty salaries, employment benefits, the Outstanding Teacher Award, and UT's transfer to state status in 1967. The files are arranged in roughly chronological order.
