Description (include arrangement, types of material, subjects covered, processing notes, etc.):

The majority of the collection is the Department of Philosophy's records center on annual reports during the years 1966 through 1981 and departmental correspondence, much of which was carried on by Ernest W. Dewey, Chairman of the Department from 1966 to the 1970's. Also found in this collection are Arts and Sciences Council meeting notes and newsletters, and information on meetings of the Department.

In addition, there is also a substantial amount on new course proposals and press releases along with letters and records describing the proposed joint Ph.D. program with Bowling Green in 1969, which never materialized. Finally, a self-study done in 1980-1981 for the North Central Coordinating Committee is included. The arrangement of the file folders in this collection is alphabetically by subject.
