Description (include arrangement, types of material, subjects covered, processing notes, etc.):

Series contains copies of final reports, proposals, and plans for UT's Engineering, Science, and Management Defense Training Program, which was operated by the U.S. Office of Education's Federal Security Agency. The files pertain to UT's program to train persons for the war effort. The files contain information on class size, instructors, and expenses. The reports were prepared in order for the university to receive compensation for the classes.

The files are arranged chronologically.
