W Sherman Smith Appointed Acting Engineering Dean

Appointment of four members of the engineering faculty at the University to new administrative posts was announced this week by President Asa S. Knowles. W Sherman Smith, associate professor of civil engineering and assistant dean, has been named acting dean of the College of Engineering.

Mr. Smith received the bachelor of science in civil engineering from Purdue, the master of science from TU, and the civil engineering degree from the University of Michigan. He is a member of the American Society of Civil Engineers, Institute of Traffic Engineers, American Road Builders Association and the American Society for Engineering Education.

Netter, Davey Named
Milton A. Netter, Jr., associate professor of industrial engineering, has been appointed acting head of that department.

Mr. Netter joined the faculty in 1949 after receiving the bachelor and master of science degrees in engineering from the University of Michigan.

He also holds the bachelor of laws degree from the University and is a member of the American Society of Mechanical Engineers and the Ohio Society of Professional Engineers.

John T. Davey, associate professor of mechanical engineering, is now acting head of the division of drawing of the department of mechanical engineering.

Mr. Davey holds the degree of bachelor of engineering from the University and a master of science in engineering from the University of Michigan. He has been a faculty member since 1946 and is a member of the American Society of Mechanical Engineers and the American Society for Engineering Education.

Pankratz Appointed
George E. Pankratz, associate professor of engineering drawing, has been appointed acting head of the division of design of the department of mechanical engineering.

A graduate of TU with the degree of bachelor of engineering with honors, he also received the master of science degree in mechanical engineering from the University of Michigan. He is a member of the American Society for Engineering Education and the American Society of Mechanical Engineers.

The last two appointments are made to replace the administrative assignment of Professor Ivan Zarobsky, who died last summer.

SAC Announces Activity Budgets

Activities budgets for the 1953-54 academic year were announced this week by the Student Activities Committee.

Appropriations are:
Blockhouse, \$1,400; Collegian, \$800; Chorus, \$220; Radio Workshop, \$275; Rocket Chorus, \$50; Student Convocations, \$800; Student Council, \$900; University Bands, \$725; University Theatre, \$1,350; Women's Association, \$110; Women's Recreation Association, \$230; Religious Council, \$150; small organizations, \$200. Allocated to the president account was 16.5 per cent.

Watch Found

A woman's watch was found recently in the Old Orchard district by Miss Florence A. Gates, 2718 Cheltenham Rd., La. 2727.

Grove Patterson To Speak Here

Grove Patterson, editor-in-chief of The Toledo Blade, will be one of the main speakers at the Campus Conference on Religion, Nov. 8-11. He will speak Tuesday, Nov. 10, at 11 a. m. Rev. Homer E. Felty of the First Presbyterian Church is one of the religious figures who will hold discussions. The Conference will present a television show Nov. 5.

Wins Scholarship

Devere Line, senior in the college of Business Administration, has been awarded a \$600 Ohio Oil Company Scholarship. These scholarships are given to sons and daughters of Ohio Oil employees. Mr. Line is an accounting major.

Ceremonies Open Modern Library

Dignitaries Receive Honorary Degrees In Dedication Rites

SOLEMN CEREMONIES marked dedication of the University's new \$1,600,000 Library-Law Building last Friday.

The modern, 5-story structure was termed "beautiful as well as functional" by Dr. Robert B. Downs, director of the University of Illinois libraries, who gave the dedicatory address. The Hon. Harold H. Burton, Associate Justice of the Supreme court, convened the first term of the Law College's moot court, along with a distinguished court of jurists.

Honorary degrees were awarded to both guest speakers by University President Asa S. Knowles and the Board of Directors. Justice Burton received the honorary Doctor of Jurisprudence degree, and Dr. Downs received the honorary Doctor of Library Science.

Ceremonies included the convocation in Doermann Theater, unveiling of the war memorial plaque at the library entrance, convening of the moot court, tours, reception in the new building, and the 26th annual Law College banquet in the ROTC Armory.

Faculty Members Serve On NWOEA

The 81st annual session of the Northwestern Ohio Education Association will hold its opening meeting Oct. 23 at the Sports Arena, with several University faculty members participating in departmental conferences.

President Asa S. Knowles will discuss the topic "working together through more effective use of community resources as instructional materials." Dr. F. R. Hickerson, will discuss participation in curriculum planning, and Dr. Helen Holt will speak on moral and spiritual values in education.

Dr. Homer R. Dunathan is a member of the NWOEA executive committee and Dr. Holt is a member of the resolution committee.

Job Clinic

The Toledo Edison Co. will interview seniors in Business Administration next Wednesday at 11 a. m. in room one. Next Friday, same time, same room, all seniors interested in knowing about the University Job Clinic will meet.

TU Homecoming Queen Elections On Wednesday

Float Parade To Highlight '53 Festivities

Colorful floats will parade through downtown Toledo next Saturday morning, Oct. 17, to highlight the University's annual Homecoming festivities. Participating vehicles are scheduled to leave TU at 10:45 a. m. and the winner will be announced at half-time ceremonies during the Homecoming game between Toledo and Western Michigan. Float plans must be submitted by 3 p. m. today.

Sara Chapman and Jim Duve, chairmen of the parade committee, have released the following parade regulations:

Homecoming Parade Rules
1—Floats must not exceed 12 feet in height; measured from the street to the highest point on the float.
2—Float plans may be submitted no later than 3 p. m. Oct. 9. All plans should be put in a sealed envelope and turned in to the Student Activities Office in the Student Union.

3—No organization is to spend more than \$25 on its float. A detailed list of expenses must be turned in to the committee the day before the parade.

4—Parade positions will be drawn at the representative meeting at 7 p. m. Oct. 16, in the student council office. At least one representative per float is required to attend this meeting.

5—Floats will stop at the reviewing stand unless requested by the judges to do so.
6—Each entry must be pulled by a mechanized vehicle.
7—Judging will be based on the following points:

a. Originality.
b. Neatness.
c. Artistic arrangement.
d. Homecoming theme.

8—Each organization will be allowed one float, one car for their queen, and one additional car. Those not sponsoring a queen will be allowed one float and two additional cars.

9—Floats will be reviewed at the rear of the University via the CAMPUS ROAD ENTRANCE Saturday morning, Oct. 17. Any floats not in line by 10:30 a. m. will be placed at the end of the line. The judges will inspect the floats at 10 a. m. as well as at the reviewing stand. The parade will leave the university at 10:45 sharp. Any floats not in line at that time will be disqualified.

10—In event of identical themes, the first plans filed shall prevail. Plans in questionable taste shall be considered by Dean of Women M. Kathryn Schwab. Responsibility for plans shall be shared by the chairmen and SAC.

Law School Tests To Begin Nov. 14

Law School admission tests and graduate record examinations will be given four times within the next year.

Applicants for law schools may take the test Nov. 14, 1953, and Feb. 20, April 10 and Aug. 7, 1954. Questions stress verbal aptitudes and reasoning ability rather than acquired information.

Jan. 30, 1953, and May 1, July 10 and Nov. 14, 1954, have been set as dates for graduate examinations. The GRE tests general scholastic ability and advanced level of achievement in 17 subject matter fields.

Candidates are advised to apply for examinations from four to six weeks in advance of desired testing dates.

Home Ec Award

Nancy Fisher, a 1953 graduate at Libbey High School, is the first recipient of the May A. Blanchard Memorial Scholarship in Home Economics at the University. She will receive \$100 towards payment of her expenses for the first semester this year.

COMPLETING PLANS FOR HOMECOMING

Amendment Sought For SC Charter

Change Would Make Rally Unit Responsible For Cheerleaders

An amendment giving the rally committee responsibility over the University's cheerleaders was unanimously passed by Student Council this week. The proposal was submitted to Student Activities Committee for approval.

Jack Miller, representative-at-large, was named rally committee chairman, assisted by Gary Burton; Sue Smilax, Sue Stoldt, Esther Prueter, Pat Perry, Shirley Paul, Julia Farkas, Mary Blanchard, Joe Areddy, Ida Dorfmeister, Roger Rose and Dick Luningger.

A. G. "Barney" Francis, athletic director, explained to Council possibility of allowing TU students to sit with their dates in the student section of the Glass Bowl and Field House. He said the usual admission charge would be made for the student's date. According to present rules, dates, unless they

were placed in Toledo, Dr. Hickerson said, but the majority of secondary majors found jobs in Michigan where the highest beginning salary is \$3,900.

The average salary for a new high school teacher is \$3,309 annually with grade school instructors drawing a starting \$3,219.

According to Dr. Hickerson, there have been more calls at the Bureau than in previous years. Representatives from such points as San Diego and Riverside, Cal., have contacted the Bureau and the demand this year is expected to be greater.

Collegian Names Gerwin, Little

Recent appointments to the Campus Collegian major staff were announced this week.

Named to new staff posts were: Ron Gerwin, copy editor; Jim Little, news editor; Marvin Baxley, assistant news editor; Ramona Leininger, assistant society editor; Mary-Ella Holst and Bill Long, co-feature editors, and Mary Anton, campus editor.

Alley Paved

Paving of the alley adjacent to the men's dormitories is currently under completion. The alley extends from Campus to Middlesex Rds.

Coronation Slated For Grid Game

One of eight University coeds will be elected 1953 Homecoming Queen as TU men go to the polls next Wednesday in Doermann Theater. The winner will be announced at the campus bonfire rally next Friday night.

Candidates for the crown and their sponsors are: Barbara Mulligan, Phi Kappa Chi; Katherine Juers, DNW (men's dorms) Club; Barbara Gorman, Phi Kappa Psi; Jo Kott, Theta Chi; Donna Thompson, Alpha Sigma Phi; Nancy Bowen, Pi Kappa Phi; "Miss X," Sigma Phi Epsilon, and Pat Beltz, Sigma Alpha Epsilon.

Half-Time Ceremonies

The Queen will be crowned at half-time ceremonies during the game between the TU Rockets and Western Michigan's Broncoes, and she will reign at the Homecoming dance that evening in the Naval Armory. Steve Snyder will play from 9 to 1.

A new committee was added this week to the Homecoming program. The coronation unit is headed by Jim Nye, assisted by Dorothy Evanoff and Carol Huffman.

Elections Committee

The elections committee, also announced this week includes Burt Borgelt, chairman, aided by Rosemary Schindler, Sara McDevitt, Patty Abrass, Mary-Ella Holst, Bill Brandon, Art Williams, Norman McClurg, Ed Kemper, Jim Falvey and Ron Gerwin.

Co-chairmanship of the decorations committee was revised when Don Bruno was replaced by John Tiegland. Ida Dorfmeister and Larry Grisvard are in charge of dance programming.

Still No Answer

To Early Morning Traffic Problem

A suitable solution for the early morning traffic jam at Cheltenham and W. Bancroft is still in doubt, the University Traffic Bureau reported today. Serious congestion at the intersection is causing many students to be late for their class. University police have no authority on this corner since it is off-campus, but the University has asked the City police department to investigate.

Slight congestion at the entrance of the lower parking lot is also an unsolved problem. A policeman will be stationed at the spot this week to direct traffic.

Theta Chi Tops With 1.65 Average

Theta Chi, with 1.655, led fraternities in last semester's scholastic averages. Pi Kappa Phi was second with 1.52 and Alpha Epsilon Pi followed with 1.508.

Following the leaders were: Sigma Phi Epsilon, 1.373; Tau Kappa Epsilon, 1.318; Phi Kappa Chi, 1.31; Phi Kappa Psi, 1.18; Sigma Alpha Epsilon, 1.166; Kappa Sigma Kappa, 1.148; and Alpha Sigma Phi, 1.129.

SAC Puts Damper On SC Prexy Pay

Student Activities Committee refused to approve a recommendation passed last week in Student Council, which would provide the Council's president with free tuition and books from SAC funds.

In vetoing the proposal, which set the maximum amount at \$200, SAC declared that the job is still an honor and prestige position, for which no money should be received.

A proposed amendment to Council's constitution (see Council story on this page) was referred to Donovan Emch and will be acted upon next week.

SAC approved the purchase of drapes for the Campus Collegian offices, but denied funds for a band trip this year.

Scholarship Fund Given University

A living memorial to TU men who lost their lives in World War II was realized Tuesday when \$12,289.88 was given the University by the Veterans Memorial Scholarship League. The money was raised during the past seven years by the League, whose members are mothers of students. It will be kept in a trust fund to provide 4-year scholarships for children of University students who died in active service.

NavCad Program

Naval aviation cadet procurement officers for this area, Lts. C. D. Grubb and C. A. Weaver, will be on campus next Thursday and Friday to advise TU men about the NavCad training program.

EDITORIAL COMMENTARY

As Elections Near...

As You Were

By John Dunathan

AFTER working for the government for two years it is with great pleasure that I return to these pages. While pursuing my late occupation I told all the regulars on ship I would write them and let them know just what civilian life is like. In order to give you the Veterans' viewpoint of life at this University I disclose this and ensuing letters.

Dear Guys,

Well, I'm out of the Navy at last. As I promised, I'm writing to let you know how everything is on the outside. I couldn't write any sooner because of getting registered in school. Not all line-standing is done in the service as we used to think; there's still some left over for registration.

First off I got to say that all that stuff about a veteran needing to adjust to civilian life is just an excuse that must have been dreamed up by some of our more illustrious forerunners of the military. In part at least there's no problem to being a civilian again—it's getting back to being a student that will floor you. I used to take fifteen hours in stride quite easily. Not anymore. Somehow there just isn't enough time in a day.

I think this GI Bill is the greatest thing that ever happened. I hope all of you get with it when you get the chance. Course I haven't seen any of that green stuff come

across yet but I know how long it takes Uncle to come across. So far I haven't had to hock my last set of final exams from three years ago.

Another thing, it's awful quiet here at school, no guns going off or drills sounding in the middle of the night. In fact it's too quiet, there doesn't seem to be any school spirit showing. I was in hopes that time might build up a little of that while I was gone.

The administration hasn't been sitting still lately either. They're still busy changing classroom numbers all the time. It took me forty minutes to track down classroom number M-1. Interesting search too; seems the room is under the girl's dorm.

I almost forgot to fill out the form that goes to the VA every month. Without that every month there will probably be a lot of starving K-Vets laying in the hallways waiting to be swept out by students who never never seem to see much but themselves around here.

Say, listen, if you have any questions about when you get out, how about letting me know. You know what I mean, like are there really girls left in the States, do they talk to you, do people still wear sport coats and suede shoes, stuff like that. The answer to all of which is yes, happily.

Here's A Raid, But No Panties

On the first really warm night of spring, University of Minnesota men decided to stage another panty raid. Last spring police used tear gas to break up mobs on the Minnesota campus as the men broke into two girls' dormitories.

But this year's escapade was, as one coed said, "a complete fizzle." Police had only to appear to disperse the rather pathetic group gathered in front of Sanford Hall, women's dorm.

Coeds hung from the windows hoping something would happen, but the boys just sang songs and went home. Asked one girl from her balcony perch: "Is that all you're going to do? Just stand there?" The "raid" lasted 30 minutes.

By Larry Hawkins

WHILE SCANNING the pages of the Ohio Wesleyan Transcript, we came across an editorial headlined "IKE AND JIMMY," in which the recent appointment of James Byrnes as ambassador to India was lambasted by one of the editors.

He termed the appointment a "gross insult to representatives of dark-skinned peoples of the UN when Eisenhower selects a man like Byrnes who doesn't recognize them as equal to sit at the same Assembly with them."

Far be it from us to say that the writer is all wet, or doesn't know what he is talking about. After all, Mr. Byrnes was governor of South Carolina and did preach "white supremacy" during his tenure.

But—do these facts make him a "slave trader," as the editorial alleges. Does it make the appointment merely payment for a political debt incurred in Ike's election? We hardly think so.

IN LIGHT of the congenial belief of the Southland that the Negro is a "second-class" citizen and that it is political suicide to hint that he is even a citizen or human being, is it not reasonable to believe that Mr. Byrnes had no other alternative in selecting an election platform?

We doubt that he will evidence any of the attributes of Bilbo or Talmadge in his dealings with the Indian government. Mr. Byrnes is an intelligent man and knows that the explosive far-eastern poli-

TEARS were difficult to hide after hearing that no immediate remedy is planned by the City for the morning traffic problem at Cheltenham Rd. and W. Bancroft St. I was eating a barbecued wiener in the cafeteria at the time so the words were doubly potent.

Why not open the entrance to the lower parking on Bancroft that has been roped off for the past three or four years. Also, while the campus is being expanded, how about expanding the main gate to the lower depths instead of adding to the congestion? Finally, why not get a policeman?

It used to be that only farmers had to get up at dawn. Now the tide has turned and the poor urban TU scholar must rise with the sun to stay on good terms with his 8 o'clock prof.

TU's former wrestling ace, Dick Torio, recently turned professional, will be seeking his third consecutive win in the play-for-pay game next Thursday night at the Sports Arena when he grapples in the first event.

In his first engagements this summer, Dick knocked off Frenchie Roy and Sandor Fozo. He also gives the University a bit of gratis advertisement by wearing his varsity wrestling "T" into the ring.

Platonic love is like being invited to the cellar for a cold draft of ginger ale.

Glad to see the boys paving the alley next to the Dorms. All colorful universities are alleged to have "Old Ox Roads," but even the ox didn't want this one.

The final hop joke: The story goes that a cat, very high, was standing on a street corner. A black sedan roared by, dropping off a corpse. The body rolled to a stop in front of him. Extending his arms straight out from his sides, palms down, the cat shouted, "Safe!"

Former smokers in San Francisco have formed an organization — Nicotine Anonymous — to help them avoid tobacco. When a member craves a smoke, he calls another member, who comes over and buys the sufferer a drink.

A Columbus marriage license clerk commented thusly after waiving the 5-day waiting period for a couple applying for a license: "When a man is 83 and his girl is 73, they've waited long enough."

University Hall contains more than 330 classrooms.

University classes were first held in a former church on Madison Ave., renamed Raymond Hall after TU's first president.

Football To Stay; TU Must Look To Future—Knowles

Editor's Note—In view of the current football situation at the University, the Collegian this week called on President Asa S. Knowles for a special statement concerning athletics. Following is the President's personal statement:

I HAVE BEEN asked by the Editor of the Collegian to comment on the outlook for football here at the University, particularly in view of the fact that the University has not won any games as yet this season.

"The University has placed the Department of Athletics on the same basis in our organization as other academic departments. Consequently while the administration is interested in gate receipts, the amount of these not so important in deciding whether or not to continue football as was the case several years ago.

In my judgment the University has a fine varsity squad including seventeen lettermen, and I told them to have one of the best freshman football squads in the history of the University, although this group has yet demonstrate its quality and metal. The boys here at University of Toledo are playing for the love of the sport. They are interested in the University and I am confident that they have the kind of spirit and attitude that warrants support of the student body.

"The basis for the conduct of our inter-collegiate athletic program is in keeping with the code of the Mid-American Conference.

"We all like to win. That is natural. Winning or losing, however, is not so important in the future of football at this institution as good sportsmanship and a reputation for fair play.

"In football we must look ahead. We have strengthened our coaching staff materially this year. We have good varsity squad and some potential good players eligible for the varsity next year. An outstanding football team isn't built over night, it takes time and experience. Our program is on its way and as I see it now, I can see the future.

"I feel that the University football inter-collegiate alternative for the University to do anything except continue to develop its program on a sound sportsmanship basis looking forward to the time when we can be in stronger competitive position and perhaps one of the leaders in our Athletic Conference.

Presenting Fashion Facts

BY ALICE FOSNIGHT

THE EXPRESSION "I haven't a thing to wear" is most typical of American femininity, particularly the college woman.

To achieve an individuality of style, which the fashion world designates "chic," a woman must dress for herself and at the same time she must dress suitably. "Suitably" implies dressing to the occasion, to time of day, to personality and to occupation.

Naturally, dressing for occupation is usually followed—college women—do not wear the characteristic black crepe, opera pumps and flashy costume jewelry of the private secretary or receptionist. In the former case, the distinction is lacking in individually choosing clothes and their complements, accessories.

Attaining individuality of dress will achieve two purposes. First, this distinctiveness, if done in a suitable manner, will complement any woman's outfit; secondly, by the use of "separates," the most clothes can be utilized from the lowest budget.

"Separates," a term used to define any original accessory from liberty print scarfs to leather suede jackets, is an American translation of Paris fashions for the American budget.

Unlike the European woman, who might spend an entire season in one or two ensembles, the American college woman dotes on changes. And accessories make for change—make the college woman collegiate.

Among the accessories that give the American college woman her particular brand of "chic" are: the little tapestry cutaway jacket worn with a pencil slim black skirt; gray flannel dinner skirts and slacks for lounging; and lool unexpectedly paired with satin.

TWICE AS MANY AWARDS THIS YEAR

MAKE \$25!

WRITE A LUCKY STRIKE JINGLE

based on the fact that LUCKIES TASTE BETTER!*

From well-known towns to parts unknown,
Most any place you go —
It's Lucky Strike for better taste
With people in the know!

Easiest \$25 you ever made. Sit right down and write a 4-line jingle based on the fact that Luckies taste better. That's all there is to it. More awards than ever before!

Read the jingles on this page. Write original ones just like them—or better! Write as many as you want. There's no limit to the number of awards you can receive. If we pick one of your jingles, we'll pay you \$25 for the right to use it, together with your name, in Lucky Strike advertising.

Remember: Read all the rules and tips carefully. To be on the safe side, clip them out and keep them handy. Act now. Get started today.

RULES

1. Write your Lucky Strike jingle on a plain piece of paper or post card and send it to Happy-Go-Lucky, P. O. Box 67, New York 46, N.Y. Be sure that your name, address, college and class are included—and that they are legible.
2. Base your jingle on any qualities of Luckies. "Luckies taste better," is only one. (See "Tips.")
3. Every student of any college, university or post-graduate school may submit jingles.
4. You may submit as many jingles as you like. Remember, you are eligible to receive more than one \$25 award.

TIPS

To earn an award you are not limited to "Luckies taste better." Use any other sales points on Lucky Strike, such as the following:

- L.S.M.F.T.
- Lucky Strike Means Fine Tobacco
- Luckies taste cleaner, fresher, smoother
- So round, so firm, so fully packed
- So free and easy on the draw

Freshmen To Meet Falcons In Glass Bowl Thursday

IN ITS second start of the season, Coach Bob Appleby's freshman football team tangles with the Bowling Green State University Falcon plebes next Thursday in the Glass Bowl at 8 p.m.

Appleby has named only four starters, Guards Bob Dame and Clay Umbles and Tackles Ed Willis and Pat Connors. Dick Dobie and Jack Rahman are toss-ups for center while the end slots are still undecided.

Three quarterbacks are battling for the opening spot. Jerry Nowak, Ed Kaser and Bob Morrisey. At left halfback, Don Wright or Bob Maxwell will get the call while Dick Basch and Bob Hunt appear set for a season-long conflict at the other half-back position. Ned Warren and George Stoyanoff are matching speed and power at fullback.

All-City star from Toledo Central Ted Czizek enrolled at TU this week and is expected to join the footballers soon. He transferred here from Purdue University. Last week, Jim Rahman transferred here from Indiana University and was considered grid material for the Rockets; however, he dropped out of school in favor of full-time employment.

After BG, Appleby's squad meets John Carroll University in the Glass Bowl at 8 p. m. Oct. 22.

Intramural Program To Open Next Week

Meeting Set Monday With Student Reps

TU'S NEW intramural program is in full swing. A meeting of all fraternity and independent representatives with intramural program coordinators Jerry Bush and Vic Braden has been called for next Monday, Oct. 12 at 7:30 p.m. in Bush's office. Final plans will be completed to set the new intramural program in full swing with volleyball competition next Thursday.

Bush said schedules will be set up and new rules will be established to govern all activities. A new system of awards will also be discussed. According to Bush, the proposed program will include extensive aid from the athletic program, while past programs have been governed independently by Interfraternity Council. Another feature of the program is also expected to be widely accepted—students participating in the sports will be excused from their regular physical gym classes.

In suggesting the program, University President Asa S. Knowles expressed special interest in such a program that would offer every student an opportunity to participate in carry-over sports. Because too many injuries plagued teams in the past, football will not be carried in this year's program, which is slated to include basketball, volleyball, golf, bowling, baseball, softball, ping-pong and tennis.

The intramural setup originally planned to include both men and women, but present plans call for the women's program to continue as in the past. One feature for women has

been added to the schedule — Tennis Coach Vic Braden, now full-time in TU athletics, will soon introduce a bi-weekly open hour of tennis and badminton instruction for women. Tentatively scheduled from 3 to 4 p.m. on Tuesdays and Thursdays at the Armory, the lesson periods will feature use of an automatic 6-foot tennis robot that pitches tennis balls.

Student interest will be the prime factor in success of the new program, Bush said.

Cincy Looms As More Trouble For Rockets

Gridders Dig In For Road Tilt Tomorrow

THE UNDERDOG Rockets meet trouble personified tomorrow night at 8:15 when they tangle with Sid Gillman's big bad Cincinnati Bearcats down in Cincy.

Coach Gillman's crew proves a paralyzing foe for Coach Clair Dunn's battered Rockets. The Cincy team, no longer in the M-AC, is a power-laden giant, teeming with touchdown punch.

Rocket Scout Bob Appleby said, "Cincinnati has the finest team I've ever seen play — they're great." Cincy crushed two of its last three opponents. The Bearkittens battered Tulsa, 14-7 and blasted rugged William and Mary, 57-7. Marquette dropped Cincy, 31-7 and William and Mary had previously tied the mighty Navy 6-6 and then thumped Wake Forest, 19-14. These facts, along with 24 returning Cincy lettermen indicate a rough evening for the Dunnmen.

The Bearcats' offense has scored 72 points while Toledo has only 33. The Queen City squad has allowed opponents only 38 points, while TU has been scored upon 109. Last season's Cincy team allowed foes only 10 yards per try on kickoff returns.

A pair of trouble shooters—All-American candidate Bob

SID GILLMAN
Runs Rugged Cincy

Marich and Jack Campbell will handle guard spots. Ferd Macioli, 205 pounds and Noel Guyot, 207, anchor tackle positions.

Sophomore Mike Murphy quarterbacked the Gillman "T," with racehorse halfbacks Captain Dom DelBene, Dick Pardini and Harry Andreadis supplying the speed. Fleet-footed Joe Miller will be fullback.

Dunn plans no major changes in his starting lineup, but fullback Paul Cirra, who looked impressive in the Ft. Belvoir massacre, will see plenty of action. Tarp Taormina, TU's M-AC candidate, recovered from Ft. Belvoir injuries, will be back for strong tomorrow. Tarp's running has been the only bright spot in Toledo's noticeably weak offense.

Dunn Suffers Bad Dreams—TU Drops No.

"PRO" FOOTBALL visited the Glass Bowl last Saturday and Coach Clair Dunn still having nightmares. Rockets took their third against no victories. "After Cincinnati and Miami we'll be back in our own cage again," Dunn said after being trampled by Ft. Belvoir's br of football, 62-13.

It was obvious that Toledo wasn't in the same ballpark with the Engineers and the All-America and professional lineup.

The soldiers used every available and in a number combinations to roll over Rockets. TU was never in contest and had trouble gaining ground due to fumbles and intercepted passes.

Dunn also used every man and the last quarter turned into a comedy as Belvoir guards running as fullbacks and even attempted a field goal on first down.

The Engineers' offense worked smoothly and only frequent penalties kept them from uning up a bigger score. Belvoir had 11 penalties for runyards while TU had none. Rocket touchdowns scored by Rick Kaser and Cirra.
