

UNITED STATES ARMY

We left Cleveland about 5-5:30 last night (Sat) and got to Indianapolis at 12:10 from there we took a bus out here to Camp Atterbury. We got to bed about 2:30 and got up about 5:30. We were showed how to make our beds and then we went to the Mess hall. There were so many there that we had to wait about 2 hours before we could get into the building. There were 75 of us from Cleveland, 49 from Columbus besides some more from some where else. They told us we would get our clothes Monday and that we would be here about 6 days. If you write don't write to much to this address on the

envelope because they said we would
be sent out soon and wouldn't get
very quick any way. My F.S.N. is
