Hello Everyone,

Just ate dinner and have a little time before we have to fall out so thought I'd try to write ~~a~~ a little. Been practicing on machine guns this forenoon and have the same this afternoon. Got a letter from Betty at mail call this noon. Got one from you yesterday that had some pictures in stand one - the day before with some in it

I went down to the circus last night and they had a pretty good show. It was supposed to cost 75 cents but we got in for 25 because there weren't

enough people coming and the Captain
said they would take the rest of it
out of the company funds to make up for it.

There are two guys from our barracks
who are M.W.O.L. They went Sunday and
no one has seen them since. They brought
back a guy yesterday that had been gone
for $3\frac{1}{2}$ years. Will have to quit writing
now because its about time to fall out
this afternoon. Will finish tonight.

We had machine gun practice
all afternoon ~~and~~ and we have to get up
about 4:00 o'clock tomorrow. I'm not sure but
I believe we have to fire our rifles at model
airplanes. Have to close now. I ~~to~~ got a
letter from you in tonight's mail call.
(Hope you can make this out.) Love, Billie
