

Hello Everyone.

Sunday.

Hope your all ok. I've been hearing from you alright now. Does my mail come through alright and about how long does it take it to get there. You forgot to put 88th on a couple of my letters so don't forget that. I was on K.P. yesterday but we got off early. It must be pretty cold back there, but its not so bad here. The mornings are pretty snappys though. It sure has been foggy in the mornings. Yesterday it was so foggy that they couldn't fire their rifle all forenoon so they had to finish in the afternoon.

Did Bub catch many rats or was it to dry for them. Herbert said that they were pest

hunting one night. Is there very much snow
there now or has that gone away. What
did Susie think about it. Has she got
anymore hair than she used to have or
she still bald headed.

Not much to write about so will close.
I almost forgot but our captain is leaving
tomorrow and everyone is glad. Were going
to have another one and he seems like a
nice fellow and he's older to. We thought our
Lieutenant was going to take over but he's
not. Have to close now.

Love, Billie

Got a box from you and one from
Betty this afternoon. Tell everyone I said
thanks for it. Yours was in good shape but
Betty's was smashed on one end.
