

CAMP ROBERTS.

JAN. 23, 1945

Hello Everyone,

Got another letter from you today and also one from Herbert. Thought I'd write tonight because I probably won't have time to tomorrow. We have guard duty from 6 ^(Wed.) tomorrow night until 6 Thurs. morning. We are on for 2 hours and then off for 4. I just got through cleaning up my rifle because they have to be real clean. I guess the first Sgt. is going to inspect them.

Well we didn't do much today. We had a show and then the mortars. The rest of the time. We have them

all the rest of the week. We don't fire them until next week.

That pillow top I sent home was one I ordered before Christmas and I didn't get around to send it home. Have you got those pictures yet. I'm glad you got the plaque okay. I thought it would probably get lost or something.

Well theres not much to write about so might as well close for now.

Love Billie,
