Dear Mom + Aley,

I thought I'd drop you a line again tonight, I had a letter from you today with the three envelopes in it. Have you been getting my mail okay. Yours has been coming through good. I haven't paid yet since she been over here. You been getting my bonds alright may be a long time before they start coming through though.

Still eating sections but the ones are getting now are better.

How has the weather been here. It rains quite a lot here and is sorta it makes it bad going up and down hills and there is plenty of them here. get our drinking water from the streams around here and there are quite a lot of them.

How are the crops growing, is it still raining a lot. Are you still losing chickens or have you found out where they were going. Guess I'll have to close for this time.

So long for now. Love Billie
