Dear Mom + All,

I thought I would drop you a few lines again today. I received that comb the other day that you sent to me. Still haven't heard from Bob.

They told us we could tell of some of the things that have happened. We were on the Jaloma Trail. I don't know if you have ever heard of it or not. A couple of the other places were Del Monte + Maramac. Del Monte is where that pineapple plantation is at. We had pineapple a few times while we were there. I think Bob was on the Jaloma Trail to, but not the same place that I was.

You said Albert P. was home on furlough where else he have to report back to. Fort Ord. I guess I'll have to closing for this time.

So long for now.

Love Billie
