Dear Mom + Ole, Navas.

Received three letters from you yesterday so thoughts would drop you a few lines. You said you got the money orders and necklaces. Did you get all the necklaces. I've forgot how many I sent. I think there was 3. You asked if Dickie wrote the letters I get from him & he does most of it. She writes a few lines and puts in it to. You wondered what kind of tent we were living in. We have little 3 man tents. I think

you asked if I would have anything to cook with. We haven't anything to do cooking for our ~~selves~~ selves. Only the kitchen.

Have you ever found any film or can't you get them. Maybe they quit making them. I still don't know when this division is going home. I don't think it will be too much longer. You wondered what I was doing now. I haven't been doing much of anything. We don't have guard very often. Have to close for now.
Love, Billie,
