Dear Mom + All,

Davao.

Thought I would drop you a few lines again today. We went + got rations for the rest of the batteries today. We go get them from P.M. + then issue them out to the other batteries. I never thought they would put me in an outfit like this. I am on guard tonight from 12-3. We have a double feature tonight and I'll get to see that before I go on. I don't know what we do in the morning. Probably ration details or work around the area. This area is a pretty nice one. Its clean + not muddy. We have a shower down here

a mess hall, volley ball court
ball diamond + everything. We
don't have revella, but have
retreat every Monday evening.

I can't think of anyone
to write so will close for
this time.

So-long for now,
Love, Billie,

Have you heard anything
from Guy + Tom. I haven't
for quite a while.
