

Pet. 31, 1945.

Dear Mom + Ell,

Davao.

I thought I would drop you a few lines again today. Everything with me is the same as it was. They took the sizes for our wool clothes today, so don't know what that means. Maybe they want to close up P.M. so they issuing them all out, or we might be going to Japan.

I haven't had any mail for a few days now. I still haven't heard from Guy yet. I suppose him + Bob are in Japan by now.

I suppose the weather is pretty cool by now. We had a pretty hard rain again last night.

Well it won't be long until

I'll have a year in the Army
and 7 months over seas. It sure has
went fast for me.

I went to the movie again last
nite, I went into Jangle the nite
before to one. That is a village
not far from here. It is a
pretty good sized place and they
said that we might move down
there, but nothing for sure yet.

Well I have to close for now
+ get my laundry ready for Lillie.
She does our laundry and really
does a nice job. She starches and
moss it a.

So long for now,

Love, Billie.
