Dear Tommy: -

Got your "censored" letter this morning
at 9 o'clock. I did look peculiar. This little
picture shows the rear end of a convent
used by the French as a hospital. It is
just across the road from our station.
The road is filled with hay and alfalfa.
For the kids of the vicinity; a great place
for a safe address! Took for me some by
the good old summer time; got you
got the handkerchiefs from Tony, of France.
Love,
Wag. H. M. White
