Would you please express to the members of your Local the appreciation of the members of Local 876 for your contribution to our strike fund. We are in our ninth week of the strike with no end in sight as yet.

We face an enormous task in fighting a company as large and as anti-union as du Pont, but I'm sure if we stick to our guns we will be able to make some progress.

Thank you again for your contribution and also for your moral support, both of which are a big help to our cause.

Sincerely,

Larry Bridges
