MEMO RE. CONTACT WITH DEANNA HEINTSCHEL: (Fall 1964)

1. Mrs. Heintschel is currently a student at the University, finishing a degree which she began before he marriage. She is a history major who has done good work since her reentry in the University.
2. Mrs. Heintschel mentioned to me that her mother had some papers belonging to her grandfather who was associated in some ~~with~~ way with the Amalgamated Association of Iron and Steel Workers around the time of the Homestead Strike (1892).
3. She indicated that she would try to arrange to allow me to examine the papers but no approach was made regarding possible donation to the University.
