To All Rotary Physicians and Dentists:

Dear Doctor:

Physicians and Dentists have generously supported local disease prevention programs either by active participation, or financial contributions. The pressure of busy daily patient schedules have kept many of us from actively participating in Rotary programs. We now have an opportunity to be leaders in the support of the International Rotary PolioPlus Program.

Have you reviewed the information in the April ROTARIAN bringing to our attention the shocking facts about the prevalence of polio in the less developed world? A \$1,000.00 contribution to become a Paul Harris Fellow would demonstrate the strong concern of the medical community.

Those of us signing this letter have made our commitment, and we hope that you will choose to join us. It is our goal to have all physicians and dentists become Paul Harris Fellows.

As you are aware, purchasers of concert tickets for the September 28th Anniversary celebration have an opportunity to use a substantial part of the purchase price toward a Paul Harris Fellowship.

We hope you will want to be a part of this Paul Harris effort. If you have already made the commitment to a Paul Harris Fellowship, please accept our heartfelt thanks for your participation.

John J. Newton M.D.

Robert L. Willard M.D.

Ray M. Cannon D.D.S.
