## GIVE TO THE COMMUNITY CHEST

The Greater Toledo Community Chest goal for 1951 of \$1,141,750.00 is greater than ever before because the need is greater than ever before. Allocations to 42 regular Chest Agencies have been increased and four new agencies have been added. A new agency, and one for which the Bar Association sought an allotment for several years, is the Legal Aid Clinic. The Chest Budget Committee recommended a \$6,000.00 budget for this Agency.

In the light of these facts, let me encourage all of you who have never given to the Community Chest to do so this year, and those of you who have given in the past to increase your contribution. When you give to the Chest you really buy a bargain in human welfare and happiness and in your personal satisfaction for a good deed well done.

John W. Bebout
