

VOL. 8, NO. 20

**T. U. DEBATERS MEET DEFIANCE HERE THURSDAY NIGHT**

Affirmative Team Travels To Defiance Friday Night  
**START TALKING AT 8:15**  
 McKinley, Rippon, Simmons To Represent U. Downstate

The university forensic teams will start their conference barnstorming in the Illinois street auditorium Tuesday night 8:15 P. M. when the U. negative team meets the Defiance college affirmative team there, the only away game the affirmative gets into action at Defiance.  
 The University of Toledo Debate Team, headed by the affirmative team traveling to Defiance Friday night.

Chas. Carson, Currier Schindler, Albert Kripke will represent the U. Thursday night and Walter McKinley, Willard Rippon, and Harry Simmons will represent the U. on Friday night. They will be the judges here.

**LOELLA MELIUS AT RIVOLI NEXT FRIDAY**

Coupon Entitles Students To Reduced Prices For Performance

Loella Melius, "The American Girl" will appear at the Rivoli Theater Friday evening, March 19, at 8:20 P. M. under the auspices of the Eireid, University concert series. Students will be admitted to the main floor at a special price which can be secured in the registrar's office and fifty cents. The coupon has a value of \$1.00 on purchase of main floor seats.  
 With a background of more than a dozen European operatic triumphs to her credit, Loella Melius, practically unknown in this field of musical entertainment, has been announced as a concertum soprano with the Chicago Civic Opera company. Stepping onto the stage of the huge auditorium in a gown of "Gloria" fabric, in a night she sang herself into nationwide fame.

Favorite of Jean De Koeke  
 Born in Appleton, Wisconsin, now from Paris, London, Milan and other cities, this vivacious little soprano has had a career of ups and downs which have crushed a few tenacious and forceful characters. Her first marriage, to a man in America which seemed insupportable, she went to Europe. She had a second, which was equally disastrous in the other. Privation and sacrifice meant nothing to her, other than a means to an end, and a great favorite in the faculty of the late Jean De Koeke, under his tutelage she grew and grew. Her work, more and more, was in the field of opera. She was called it. In reality it was "an intense capacity for taking pains."  
 She has a constant concert repertoire has been equally remarkable. Nothing but the purity of her voice, the sweetness of her tone, and the music that sang meaningfully, 10-16, 20, as the Royal Albert Hall, Covent Garden, London, the Metropolitan, New York, and the Metropolitan, New York. Yet in these halls which have witnessed the triumph of List, Patti, Rubenstein continued on page 2.

**WHAT'S ON:**

Thursday, March 11—Debate between the University of Toledo and Defiance at 8:30.  
 Friday, March 18—Founder's Day Convocation.  
 Friday, March 18—Debate with Defiance at 8:30.  
 Monday, March 22—Banking and Finance at 1:30.  
 Monday, March 22—Convocation in President's office.  
 Tuesday, March 23—Convocation in Gym.

**Are You Irish? Yah**

**New Pedagogues Start Careers**

Will Brighten Classrooms of Many Local And Out of Town High Schools

Some people have all the luck! Not so many years ago, within the ken of even the baby, university freshmen, the thought of having a young teacher would send thrills of joy through the oldest student. At last someone would understand the joys and sorrows of our existence, some one would understand our children's woes! And now, a brand new group is bringing the protesting wails of dear old Toledo university to make a living in the cold, cold world. A number of handsome, understanding, kindly souls are going to wear the hearts of some suffering classes. Some of our choicest members are being sent to represent us in the realm of children's delight—the classroom.

Loella is extremely lucky. It is to receive Mrs. Eleanor Lademan Gertrude Kanney, and Frank Arshambo.  
 Many will be glad to know that Ruth Cline, Helen Kisley, and Gladys Rogers need not be separated and School chills sent. When Miss Cline will instruct them in the correct way to enunciate French, and the Misses Rogers and Kisley will teach them the delights of Literature. Marcella Eckhardt will teach French in class, under the supervision of Mr. Pierre Q. Paquet, Jr. Freshman!

Dorothy Walker and Carl Benson are at Mansford. Florence Benson is teaching Mathematics at Holland. Lovetta Bessie will teach English at Waterville, when Herbert White finished his training there.  
 These people, whose sole aim is to benefit society, enter a period of training consisting of at least thirty hours, under the supervision of some older teacher, Mr. Carter, who is in charge, and Mrs. Currier, who is in charge of the course. T. U. will turn out some splendid teachers. We had no one else turns them out.  
 (We hope so, the University must suffer for this loss for the sake of humanity's need.)

**DEMONSTRATE DIAL PHONE AT CONVO.**

Thursday morning the Ohio Bell Telephone Co. demonstrated to the University of Toledo the workings of the dial telephone. The demonstration was in charge of Mr. A. L. Gray of the Bell Co. He introduced Miss E. Erlich who had the main speaking part. The operators, a sample of about 750, were Miss D. Peters, Miss E. Gahl, Miss Alice Seeger, Miss Betty Robinson, Miss Mabel Stanley, Miss Jeanette Watter, and Miss Ann Dancer.

**DEBATERS IN LOYALTY WEEK**

Convocation, Campus Night, Radio Program To Feature Period Of Advertising

T. U. Loyalty Week, during which the various organizations and activities on the campus will cooperate to advertise the University of Toledo, has been definitely set for the week of May 16 to 21.  
 At a meeting of the heads of the campus activities and the student council last Monday it was decided that this week would be given over to boosting Toledo university.

**TOLEDO GIRL WINS VARSITY "O" AT OHIO**

The Toledo university negative debating team won by a unanimous vote to discontinue debate against St. John's university last Thursday night. The subject of the debate was "Resolved that the United States government should cancel the allied World War debts."  
 The Toledo university negative debating team was by a unanimous vote to discontinue debate against St. John's university last Thursday night. The subject of the debate was "Resolved that the United States government should cancel the allied World War debts."  
 The St. John team was composed of Franklin Haywood, Anthony Albert, and Robert James. They argued the affirmative side, contending that it would be to our advantage to cancel because Europe would make possible more wars in Europe in a shorter time, and that to cancel would be to undermine the international system of contract.  
 The Toledo team was composed of Franklin Haywood, Anthony Albert, and Robert James. They argued the affirmative side, contending that it would be to our advantage to cancel because Europe would make possible more wars in Europe in a shorter time, and that to cancel would be to undermine the international system of contract.  
 The judges were Currell Schindler, Russell Huxton, and John Schabert. Dr. Holliday was chairman. St. John's team was coached by Professor Robert McLaughlin and the boys are coached by Mr. Pavlock.  
 The debate was well attended by faculty and students of both universities.

**COLLEGIATE TO BE FEATURED IN BOOK**

Mrs. Grace Jamesson Tells Voters Logic Of Police Work  
 Clippings from the Campus Collegian will be the feature of a new page in the Ohio Woman Voter, League of Women Voters publication.

Mrs. Marion Nyvra, from the state league, was a visitor at Toledo College last week. She told about the new page in the magazine and her plans to use the clippings of the Ohio Woman Voter in her political campaigns as the feature of the page.  
 Mrs. Grace Jamesson, head of the Toledo Police Women's bureau spoke on the Women's Division in police, Tuesday, March 8 at the regular meeting. Mrs. Jamesson described the personnel of her department, illustrating her talk with cases which have come up in her work.

**78 WILL RECEIVE DEGREES IN JUNE**

80 Candidates Have Filed Applications for Titles

There are 78 candidates for degrees to be conferred in June, 1937. Those who will receive M. A. degrees are—Julia Chabman, Cora Feneberg, Herman Kahlman, Doris Mahon, Florence Mahon, Howard Perkins, William Robt, Bennett Lee Wheaton. There are two candidates for M. S. degrees—George Nindley Layton and Andrew Woloszewy.  
 Candidates for a B. S. degree in Arts—Education—Loretta Bessie, Margaret Carr, and Gladys Rogers. Councilors: H. Damschroder, Marvella Eckert, Helen Field, Mary Kirdley, Florence Hietrick, Gertrude Kanney, Marian McDonough, Helen Kirdley, Gladys Rogers, Hildegard Smith, Ruth Talbot, Dorothy Walker, Harriet White.  
 Straight B. A. Degrees  
 Those receiving B. A. degrees are—Irma Adersinger, Deigo Alexander.  
 Continued on Page 8.

**ROBERT FROST TO SPEAK AT MUSEUM**

Robert Frost, prominent Eastern poet, is to give a lecture under the auspices of the American Art Association University Women, at the Toledo Museum of Art Friday, February 23, 1937. His subject will be poetry and he will read some of his own poems.  
 When Robert Frost, head of the organization, extends an invitation to all of the university students and their friends who wish to attend.

Entered at Toledo Post Office as Second Class Matter

WEDNESDAY, MARCH 16, 1927.

LOYALTY WEEK

Loyalty week, as proposed by the student council, will begin mostly upon the efforts of all the students.

ST. PATRICK'S DAY

Once again the day in March is coming when all men with the slightest trace of Irish in them and a lot who have not even that trace put on shamrocks from Sebastian Kresge's famous store and join hands in celebrating the anniversary of the good Saint Patrick's birth.

ROUGH ON PETERS

A peculiar example of the asinine, the vulgar, the disgusting and particularly of the bad taste is the present movement among colleges, universities, and high schools of the country to organize "Anti-petting Clubs."

ROCKETING

By Richard Leahy

Last week we made the mistake of wondering if anyone really read this. We are now satisfied, and the next person who approaches us in the hall to tell us that we need the column, but think it terrible, will get a good sock in the nose. Enough is enough.

Imagine Leahy socking anyone in the nose. (Columnist's note): Even an editor?

CAN YOU FEATURE THIS?

A typical news story, as turned in to the Collegian by one of the trained staff of reporters: "The Senior Form will be given at the Toledo Yacht Club April 28. The regular Yacht Club Orchestra will play."

Can't you just imagine the sleepless nights the reporter went through to get the story? Pity the poor news-hounds on a night like this!

THE ORIGINAL IRISH QUESTION

"Does Irish potatoes?"

Now that St. Patrick's day approaches, we will have to face the question of "Mother Machine." St. Pat was a great man. Born in Scotland, he had some enough to move to Ireland.

ADD TO SIMILIER OF 1927: The St. Patrick's day is a day as a freshman goes to rhetoric class.

Dedicated to Sir Isaac Newton: "In the Shade of the Old Apple Tree."

Now that the basketball season is over, we can all go out for the marble and hoop-rolling teams. Get behind those boys and support them. They are out there fighting for dear old T. U. and they are facing a tough job. Show them that you are with them.

Thank God for University day!

College spirit always seems to wear itself out supporting winning teams, leaving nothing for teams which lose consistently.

Spring is nearly here, but our long-expected case of spring fever has failed to materialize.

If this new out system can stand up against the spring weather, it will be successful.

If a man is a Methodist, does that mean that there is method in his madness?

When better cars are made, Fisk will retire them.

Many people seem to have taken seriously our announcement that this column would no longer appear. Sorry to blight any hopes, but the price of boiler plate has risen, while this stuff is getting cheaper all the time.

THEATRICAL NOTES

By Richard Leahy

"An Affair of the Folies," with Billie Dove, Lloyd Hughes, and the rest of the cast, will hold over another week at the Fambone. The plot of the movie concerns three girls who are invited to dine at a New York restaurant for a long time without speaking. One of these men is a millionaire, another a millionaire's son, and the third is trying to get some money out of his invention.

The clerk's wife, a former Folies dancer, goes back to work when he loses his job, and they part. The millionaire pursues her, and on the day she finally consents to dine with him he speaks to the clerk and the inventor. He advises the clerk to get his wife at all costs, and he advises the inventor to force the man to see him about his invention. Both follow his counsel.

PRINCESS

The present show at the Princess, Wallace Berry in "Casey at the Bat," is one of the most entertaining pictures which we have seen for a long time. Berry, as the big diamond bell who is poison to pitchers, is just about perfect. Zasu Pitts, as the village milliner who loves Casey, and Doug Sterling as a big league scout feature the supporting cast.

When Casey reaches New York he becomes a national hero, up to the time he strikes out in the ninth inning out of the big game. But that's another story!

VIA-TEMPLE

The movie at the Via-Temple is "The Chief and Daney." The Vio-Phone presentations include Al Jolson, Madeline Schumann-Heink, and Vincent Lopez. Daney has a part of an English lord who falls in love with the girl who lives in the country and becomes a secretary to be near her. A crook assumes his name, comes to the house, and there is a new robbery. Daney captures the crook, and all is well.

SIGMA DELTA RHO

Gamma chapter had a social meeting in the chapter house, on Monday March 14. Harold Patterman and Richard Pelton had charge of arrangements. Patterman played a solo on the Banjo, accompanied by Arthur Marless on the guitar. Prof. Brandabery gave a talk on the other chapters of the fraternity which has been recently visited.

Next Monday the fraternity will be favored with a short talk by Anton Middleton of Philadelphia. There will be a regular business meeting.

KAPPA PI EPSILON

Kappa Pi Epsilon held its regular meeting Tuesday night. Probation will begin March 15th and continue for one week. Formal initiation with the annual will be March 15th at the Toledo Woman's Club. Miss Dorothy Rosendale has charge of the arrangements.

KAPPA PSI

The Kappa Psi pharmaceutical fraternity held a smoker at the South Side American Legion Home on Friday, March 4. The following guests attended: Henry Doder, Earl Meyer, Martin Kaufman, Charles Blainell, Glen Smith, Eugene Fields, Lawrence Seelig and Charles Drouot.

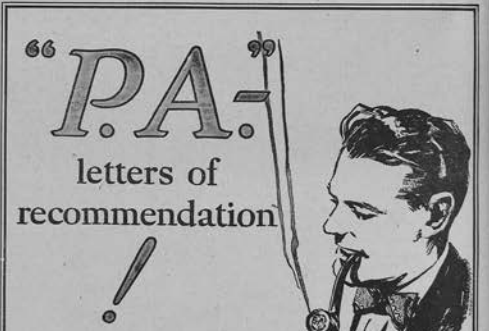

On Tuesday, March 8, the fraternity held its bi-monthly meeting at Dr. Bowman's home. Refreshments consisted of ice cream and cake.

ACTORS HERE'S YOUR CHANCE

All students interested in taking part in a one act play or comedy hand to the registrar a schedule of periods they have open for practice.

ALPHA PHI OMEGA

Saturday night four men were elected to the infernal ritual. The first was James Brough, William Deemer, Carl Marston, Raymond Kruan.

EXPERIENCED pipe-smokers from Cape Lisburne to Cape Sable (get out your map of North America) recommend P. A. to you as the finest tobacco that ever lived the bowl of a pipe. You'll check-in with their recommendation.

Why, the instant you swing back the hinged lid on the tidy red tin, your olfactory nerve registers a fragrance like that of a pine-grove on a damp morning. And when you tuck a load of this wonderful tobacco into your pipe—say, Miter!

Cool as Cape Lisburne, mentioned above. Sweet as the plaudits of a first-night audience. Mild as morning in Cape Sable. (That's working in the old geography!) Mild, yet with a full tobacco body that completely satisfies your smoke-taste. Buy some Prince Albert today and make the test!

PRINCE ALBERT —no other tobacco is like it!

© 1927, E. J. Barnhill Tobacco Company, Winston-Salem, N. C.

# 22 OHIO PAPERS NOW IN CONTEST

The Ohio College Newspaper Association contest which is now in its final week, is teaching a lesson. The Scripps-Howard alliance which is sponsoring the contest will announce the trophy which is to be presented to the winner, next week. President Sherrill Leonard of the association announces that 22 Ohio papers are competing for the prize. They are as follows: The Buckeye, University of Akron; Ashland College; The Collegian, Ashland College; Green and White, Ohio University; Xaverian University, Cincinnati; The Ohio State Journal, Columbus; The Ohio State Student, Columbus; The Capital, Columbus; Capital City, Columbus; University of Cincinnati; University of Cincinnati; Northern Review, Ohio Northern University; Debanco Collegian, Debanco College; Miami Student, Miami University; The Cincinnati Post, Cincinnati; Kent Stater, Kent State College; Wittenberg Trust, Wittenberg College; The Cardinal, DeSales College; Cincinnati Bear, University of Cincinnati; University of Cincinnati; The Columbus Dispatch, Columbus; The Columbus Dispatch, Columbus; Western Reserve Weekly, Western Reserve University; Ohio Wesleyan Transcript, Ohio Wesleyan University; The Columbus Dispatch, Columbus; The Columbus Dispatch, Columbus.

# ALEXANDER RESIGNS ACCOUNTING POSITION

Dodge Alexander, bookkeeper for the college book store, has handed in his resignation to Walter Brown, faculty adviser of the book store. This is the third member of the staff to resign since the beginning of the second semester.

All books not called for by students before March 11 will be sent back to the publishers. The shop is getting in a new supply of books for purchase for the third semester papers. They will be on sale by the week. The price of plain white note cards has been reduced to 20 cents a hundred.

# BLACKFRIARS PLAY CAST IS ANNOUNCED

The cast for "A Dolls House" is as follows: Tordahl Helmer.....Fred D. Hahn Nora Helmer.....Florence B. Debeck Dr. Rank.....Mary Miller Nils Krogstad.....Don Henning Mrs. Krogstad.....Dorothy M. Robinson Mrs. Linden.....Ester C. Garber Anna.....Martha Collins Helmer.....Lillian Fiebel The play will be given March 26, 1927.

# FROM OLD TEASERS

# BANTER

"Little boy, you ought to be ashamed of yourself picking up out of tobacco out of the street."  
"Say, lady, I'm just learning to smoke. They say they're good enough to learn on."

T. G. "What's the date to day?"  
"A girl: 'I don't know. Why don't you look at the newspaper you're reading?'"  
T. G.: "That won't do any good. It's yesterday's paper."

Agent: "Of course, you have no children?"  
Apartment seeker: "No."  
"Dogs or cats?"  
"No."  
"Radio, piano, or victrola?"  
Apartment seeker: "No."  
Agent: "I'll promise to get rid of you."

Doug: "She's certainly hitting on me."  
Deris: "She's hitting on too low. She's not missed anything on her way."

Prof. Brandberry: "I take pleasure in giving you \$1 in 100, sir."  
Red McElchic: "Make it 100, sir, and thoroughly enjoy yourself."

Neighbor: "I understand your son got his A. B. and his M. A."  
P. A.: "That's right. He will his P. A. that supports him."

Tourist: "Hey, you fool, you better be careful. You're a victim."  
Victim: "Wanna matter, you gonna book up?"

# DEGREE CANDIDATES

Continued From Page 1.

Jan Barton, Myrta Babel, Herman Bister, Ernest Birkenhauk, Marion Deering, Harold Fish, Bernice Fisher, Mary Fisher, Mildred Gilson, William Hale, Joseph Hertig, Clyde Kicker, Amy Kingston, Floyd Kruger, Rollin Kuebler, Sara Meyer, Myrtha Palmerston, Fay Richley, Milton Schultz, Harry Simpson, Lillian Siska, Harry Margaret Steiner, Carl Tester, Henry Van Gardner.

Among those to whom B. S. degrees will be conferred are—Darrell Drury, Harold Petteman, Wade Krueer, Kerrel Feltz, Gale Walden, Claude Schaefer, and Harold Shapiro. There are four candidates for B. S. degrees in Secondary Education—Science Bresser, Elmer Lindeman, Miriam Potter, Frances Valentine. Those receiving B. S. degrees in Education are—Ruth Allen, Schamette Brien, Edna Campbell, Rosemary Austin Featherstone, Genevieve Gasaway, Harriett L. Hinton, Alva Wheatley.

Titles Candidates for titles which will be conferred in June, 1927 include graduates of the three-year elementary education course, and also candidates for the title of associate in science. Among these are—Mary Belle, Margaret Beunif, Madelon Bristol, Mary Costello, Catherine Daly, Julia Desmond, Dorothy Doll, Virginia Evans, Vera Jane Haldor, Martha Krane, Lillian Moore, Constance Nowakowski, Mabel Schmidt, and another Singer, Garret Tice, Faye White.

Those who will receive the title of associate in science are—Helen Adams, Helen Bissard, Maera Lee Bolton, Lillian Elspenser, Donovan Emch, Frances Fisher, James Fox, Eva Friedman, Helen Fritzsche, Marie Gelman, Martha Glavin, Glenn Hall, Mary Henry, Virginia Hines, Edith Klopfenstein, Lillian M. Miller, Catherine O'Toole, Mary Catherine Scheltz, Irma Shauruck, Buz Wipac, Doris Vipond, Mary Wise, Minnie Louise Young.

The following are candidates for the title of associate in science—Hannah Harris, Ethel Levine, Clara Mahlan, Maurice Schickler, Max Schickler. Those receiving titles of pharmaceutical chemist are—James Aronson, Edwin Bohrer, Herman Cohen, Morris Cohn, Zan Drossner, Harold Emery, Edward E. Kopp, Eugene Morris Field, Clarence Gode, Gaylord Howard, Vincent King, Harold Klein, Rose Kuegel, Gaiman Lugin, Morris Levine, Harry Mann, Edward Missal, Ed Rollins, Glen Rupp, Lawrence Smith, Max Sherman, Edwin Smith, Milt Walden, Thomas Welch, Benjamin Wengrow, Sara Lee Wengrow, Harry Wolfman, Louis Carr and Howard Wengrow are candidates for the title of Pharmaceutical chemist.

"Of all the odd surprises. There's nothing to compare With treating in the darkness On a ship that isn't there."

"What kind of trouble is he both of you?"  
"Oh, he has a twin six mouth and a one cylinder brain."

"Do you know why they have board stowed the boxes on Ford?"  
"You've got me. Why?"  
"Cause they look enough like the devil already."

Pointing to that distant peak, the sighted asked an indolent native "Dogs or cats?"  
"No."  
"Radio, piano, or victrola?"  
"That there mountain," replied the lay one, "that's Catfish Mountain."

"An old name," mused the sight-seer. "And why is the mountain so called?"  
"Because," drawled the laconic son of the sod, "nobody can scale it."

A Scotchman was reported missing. Three days later he was found in a pay-as-you-leave street car.

"Sir, your daughter has promised to become my wife."  
"Will I don't come to me for sympathy. I know something like that which happens to you hanging around the way five nights a week."

Betty: "Oh dear I feel so miserable."  
Dude: "What's the matter, dear?"  
Betty: "Viola told me a secret, and I don't remember what it was."

Pete: "Some of your wash was jumping around on the line last night."  
Bong: "That was probably my athletic underwear."

# UNDER THE COVER

THE TWILIGHT OF THE GODS Richard Garnett

Man, creator of his gods, is the inevitable mode of their destruction. Man's needs for a spiritual expression lead to the poetic creation of religion and religion's divine legends. He draws a code and a method of living and acting. Climatically, of course, succeeding generations have variations. But the spirit that endures they have become a bit more subtle in their human relationships, and affect more and more the human to the current religious ideas, to the consequence that the gods finally only exist in the imagination. Zeus dies; Apollo's harp remains quiet and silent in the halls of parades; Venetian gods and gods; Neptune suffocates with water. The gods, in a word lose their immortality and turn to earth.

Thus thinks Toarnett in the book, entitled above, which no less a personage than Oscar Wilde accepted as his theme. The spirit that endures, the Twilight of the Gods commences in the Caucasus; bound inextricably to mountains, stands a human figure, the Prometheus, in ever smaller circles, soars an eagle intent upon the destruction of the man on the mountain.

As his wings bear him closer and closer something happens to both man and bird. The spirit that endures is bereft of life and helpless wings serve only to make his ignominious fall to the earth. The Prometheus and clayman as they spread and close with the rush of the wind.

To the man a transition no less remarkable than that of the Prometheus is no less than the unbound Prometheus whose release was long ago promised. With his fall Prometheus has become a mortal.

He is in a land where Greek is unknown and man by very last devotion of the gods, a pretty girl, is she who finds and revives him, and it is her that he sees his death.

# BOULEVARD WEAKENS TRAPS BUS, TRUCK

The treacherous mud and the gaging velocities of the University Boulevard that runs past our institution have, in so many days, been a source of grief to a passerby. The school and a truck filled with coal for university use.

Friday afternoon of last week the bus that carries students to the carline became firmly stuck in the mud of the "boulders" after having gone but a few feet from the board walk.

The efforts of a score of students and a racing motor were unavailing until a Standard Oil Co. truck finally pulled it out.

Friday Saturday, while Collegian reporters were busy pounding out copy, a truck of the Sam Davis Company proved so much for the boulevard chasers and straight away sank three feet into it. A similar truck eventually pulled out two inches from the huge hole it had made. The scars of this second accident may yet be seen.

# LIBRARY NOTES

Students of English literature may now obtain the new book by Morris E. Spear called "The Political Novel." Dirsati, Trulippo, George Elliot, and Mrs. Humphry Ward are among the English authors discussed in the development of the political novel.

Dr. Bradley's students in American history courses will find "The Roman Trail" an interesting account of the history of the North-west.

French students now have available the "Life of Victor Hugo" by Frenchman F. Giese. Book by a French man, Emile Legouan, on the "History of English Literature from 1600-1700" will give a good picture of this subject. These books are ready for circulation and may be found on shelves.

# PI GAMMA MU HEARS NEVIN WINTERS TALK

A dinner meeting of the Pi Gamma Mu was held Friday evening, March 11, at the Toledo Woman's Club, 417 Adams street, at 6 P. M. The distinguished traveler and author, Nevin O. Winter, spoke on "Danger Zones of Europe Today."

# RIVOLI CONCERT

SPORTS - AREA - THE - CAMPUS

**INDOOR TO START IN THREE WEEKS**

**League To Be Open To All; Start Organizing Club Now**

Indoor baseball will start in about three weeks. Dave Connolly, intra-mural director, says. They will be in one large league, open to all, and players on the winning team in this league will receive the silver baseball trophies. First teams, class teams, and any independent clubs may enter this league.

The only requirements are that each team must have not less than 12, and not more than 15, players. Those wishing to play in this league should band in the name of the team and of the players to either Mr. Connolly or Sam Waldman, intra-mural manager.

Mr. Connolly announced that there would also be a fraternity league, if the fraternities organize, a cup will be given the winner.

**DUMBELL'S ARE BEST STUDENTS, D. U. DEAN**

In an article appearing in the "Varsity News," publication of the University of Detroit, Dr. David S. Whit, Dean of the College of Veterinary Medicine, is quoted as saying that "dumbbells make the best students."

"The dumbbell," he adds, "does not have his head crammed with a lot of pseudo intelligence, and, like the empty sagbag, he is ready to fill up without unloading. But the student with his head full of false ideas must spend a long time getting rid of them before he can absorb facts."

**AERO CLUB FOUNDED**

An airplane enthusiast to cost about \$250 with room for only one passenger besides the pilot, is under construction at New York University by students of the aeronautics department who are members of the Aeronautical Society. Enthusiasm among engineering students in aviation as a career and as a hobby has led to the formation of an Aero Club at the University Heights section. The faculty is also represented in the membership.

**FROSH, SIGMA BETS WILL VIE FOR CUP**

The Sigma Beta Beta and the Frosh will have the afternoon from 2:30 for the intra-annual student championship.

The cup to be given has donated a cup to be supplied to the winner of this game.

The Sig Beta are champions of the inter-faculty league, dropping only one game to the faculty. They have a strong combination that will be a hard job to break.

The frosh have been consistent winners. They have won many games played against strong teams outside the school, and topped the in-tramural loop.

No players will be allowed to participate who have not played with the team during the year.

**TRUCK TO BEGIN MONDAY, MAR. 21**

Truck will start next Monday, and the 24 men who are enrolled in truck for gym credit will all be expected to begin working then.

Coach track coach, will have a weight chart posted in his new office, between the smoking room and Dr. Richards' office, and all men must weigh in and weigh out each day. The office will always be open, and the scales will always be accessible. Every man must work out at least four times each week to 275 credit.

The men enrolled in truck for credit are: Iasador Abrams, Allan Gannon, Liefke, and all men must weigh in and weigh out each day. The office will always be open, and the scales will always be accessible. Every man must work out at least four times each week to 275 credit.

**CALIFORNIA BALL TEAM GO TO JAPAN**

Berkeley, California, March 16.—Eighteen members of the University of California baseball team including Coach Carl Zankoff and a senior manager were authorized by the Executive committee of the S.U.C.A. at a meeting last night to make a trip to Japan and the Hawaiian Islands this summer.

They will leave San Francisco May 10 and start their return trip from Tokyo on June 25. About 11 games will be played by the team during their stay.

According to a wire received by W. W. Manning, chairman of the committee, all expenses for the trip will be guaranteed by the easterners.

**FOOTBALL PRACTICE SCHEDULED FOR MAY**

Spring football practice will be held for two weeks during the first part of May at Toledo, Ohio. The manager of athletics, Claude S. Watts, announced Monday.

There will probably be no action during the practice, but it is planned rather for getting new men in school interested in football rather than for actual playing of the game. Dr. Boni Petoff will be in charge of the practice.

As a warning for the practice, prize will be awarded for best use in field events, such as long-distance punting, passing, and the like.

John Jacobs, coach at the University at Oklahoma, claims that track men have bigger feet than any other athletes.

Bob Gunn and Susie Schoeder, of Detroit City college have each secured over 2000 points during the basketball season just finished. In 20 games, Gunn made 226 points, and Schoeder made 211.

Harvard will play a baseball game this spring. The game will be the first appearance of a Harvard nine since a major league team won 1916. The team, Eddie Maher, finished the eastern team to a 2 and 0 victory over the Red Sox, who won the world's championship last year.

At Bryn Mawr, girl's college in the east, tennis, but not bridge, may be played on Sunday.

**START BASEBALL PRACTICE**

In baseball it is considered a wise policy to send the battery through a preliminary workout before the rest of the team starts the annual grind of getting in shape for the coming season.

Due to difficulties which persist in arising and over which we have no power, this idea had to be abandoned.

Regular practice was started in the gym Tuesday and will continue till the weather permits outdoor practice. With the opening game less than a month away Coach Watts will have to drive the boys at a fast pace. This will be remembered that it is usually taken a week or so to look over the new candidates and to put on the wedding-outfit.

There is some consolation in the fact that the new athletic field has a nice rolling appearance these days.

**INDOOR UNDER WAY**

Unofficial practice began last week on the university campus. The sun had no more than cast its first peepers over the building when a lot of more or less diamond lights literally covered the front lawn and proceeded to loosen the grass as well as their arms. Just how far this will be tolerated is usually taken a week or so to look over the new candidates and to put on the wedding-outfit.

Looking over some of the boys, we must say they were handling the ball in first style for so early in the season. If anything can be gathered from this we do not hesitate to say that the university will produce several first class teams this spring. From talk floating in the gym there have been gathered that several teams are already organized. Figuratively speaking all they have to do is step in the harness and go.

It wont be long now till the old swimmin hole will be taking the place of the regular class routines.

**KEEP OFF THE TRACK!**

During the past week the Toledo University running track and cross-country course has been rather badly cut up. Truck after truck comes along and sinks through the cinders, and there are now several holes in the track. The poor track men will be taking terrible risks when working out on the boovalow.

Dave Connolly, track coach, remarks that the track is especially cut up at the last turn in the 440.

There seems to be some sort of conspiracy against the running track. If these trucks must get stuck, why not go some place else?

Ever hear about the Scotch fisherman who was so tight he married a woman with worms?

**12 GAMES ON SCHEDULE**

At the present time twelve games are on the schedule. Besides the little O.K. one between T. U. and Mead, Hilldale and Dayton. The latter two, Toledo has never met.

Dayton university always turns out teams of the highest calibre in all sports. At a recent meeting of the Daytonians their pitching ace was elected captain of the team.

Hilldale is noted for its baseball teams. In fact after the school year is over many of the athletes hook up with some fast amateur aggregations in Michigan.

At last we have found out the secret of Dodge Alexander's success with the girls. That middle name Venia seems to be the answer.

**NEW FOOTBALL RULES**

The changes in the football rules, effective in 1927, will effect the Rocket team little. The rules concerning the moving of the goal posts one yard to the rear of the line will affect Coach Petcoff's lads the most, as the clever two of Harold Dunn, hefty fullback, added many points to T. U.'s scores last fall.

The new provisions concerning the shift play will not interfere much, as all of the plays used by the team last fall were legal under this new rule, which requires the players to remain legal under one second after the shift before putting the ball into play.

The affects of the new regulation as to the recovering of punts fumbled can not be determined until the situation actually come up. By its provisions, fumble punts, if recovered by the kicking side, shall be declared dead at point of recovery. If T. U. loses any games next fall through this, there will be weeping and wailing and gnashing of teeth.

The forward pass has been encouraged by the rule-makers, as the old danger of backward passes has been removed. A backward pass, if incomplete the ball goes to the passing side at the place where it struck the ground, except in the fourth down. Formerly punts behind the line of scrimmage might be captured by the other team.

A team remaining more than 15 seconds in the "huddle" may be penalized five yards for this offense. The referee may now rally the huddle or inflict a quarter to the back field is justified in case of interference with the game by non-player. This ruling is made to cover the cases of substitutes who enter the game and interfere with the ball-carrier, and to curb the domination of the officials by the spectators.

The system of counting 40 plays as a quarter instead of timing may be used in any games where both teams so agree.

**SPORTSCRAPS**

Detroit City college won the annual indoor track carnival, with Michigan State college, second, and Ypsilanti third. E. J. Breen, City manager, has declared that the event is justified in case of interference with the game by non-player. This ruling is made to cover the cases of substitutes who enter the game and interfere with the ball-carrier, and to curb the domination of the officials by the spectators.

**SEVEN TO RECEIVE BASKETBALL AWARDS**

Seven men will receive Varsity and sweater awards for basketball. It was announced by Coach Dave Connolly last Thursday. They are: Austin Campbell, G. William Walker, Robert Pooote, Charles P. Cannon, Ralph Berry, Ed. King, and Irving Silverst.

These men will be given coat sweaters with an eight inch "T".

**ATHLETIC DIRECTORS TO MEET IN SUMMER**

Kenite Rocker, football coach at Notre Dame College, will headline a crew of famous athletic directors at a summer school session to be conducted at the Utah Agricultural college, July 4 to 15, inclusive, according to an announcement made recently by Coach E. Lowell Bonney.

Rocher signed a contract last October for the Utah school, due largely through the efforts of the Argus skipper "Smiling Dick" Griffin. Griffin coaches and officials from all parts of the west have been invited to attend.

**BALL TOSSERS' CALL ISSUED**

Baseball practice at Toledo university began Tuesday afternoon in the gymnasium. The cage was erected and batting practice was held.

Coach Watts is counting on the indoor court to produce the fellows peculiarly strong for a team of hitters and says that all the fielding work the team needs can be gotten in a couple of weeks outdoors.

The schedule is gradually taking shape, and will probably comprise 10 or 12 games. The latest games scheduled are with Dayton, Toledo playing there April 9 or early in May and entertaining them here on April 20. Hilldale will play home-and-home games with Toledo, the dates for which have not been set as yet. The news of the additional appropriation for baseball came too late to make an extensive schedule as Coach Watts would have liked.

Dr. Forest C. Allen, basketball coach at Kansas university will instruct coaches in the art of basketball.

C. S. Leaf, holder of several distance aquatic records will conduct classes in swimming, and George Nelson's Argus grapplers trainer at the college will teach wrestling.

Rooker's football team and Allen's basketball teams have long been noted for their championships—the result of the careful coaching of these two masters. Practically all the state records in swimming are held by Leaf trained men, and George Nelson's Argus grapplers won their second western division pennant last Saturday. This gives some idea of the caliber of the coaching staff for the special session in July.

**Collegiate pipes aren't all 'non campus mentis'**

APPEARANCES may be against the modern college pipe; he may look 'superfij' . . . he may sound a bit blotto, singing his six or seven slangues, including the Scandinavian . . . But when he talks 'TOBACCO' lend him your ears. For that's one subject he's studied and knows from the ground up!

Listen to his learned lingo and you'll see why the one perfect pipe tobacco is grand old Granger Rough Cut. It's all spicy old Burley, the choicest pipe tobacco known to man . . . all-mellowed Wellman's way . . . and cut, especially for pipes, in large slow-burning, cool-smoking flakes. It's breaking all collegiate records for pipe-popularity.

Of course, some collegiate pipes, who judge everything on 'price,' can't afford to smoke Granger . . . it's too INEXPENSIVE. But notice any pipe that is sufficiently sure of himself to be himself, always, and notice also his Granger.

**GRANGER ROUGH CUT**

The best word pipe with its 4 or 5 long, dark, rich pipe tobacco, its rich, glasslike, tin-top cover.

Made for pipes only!

Granger Rough Cut is made by the Liggett & Myers Tobacco Company.
