# HENRY A. PAGE DONATES FUND FOR ARENA TRACK

## Donation by Toledo Football Fan Constructs New Indoor Oval

Henry Page, Toledo manufacturer and philanthropist, has donated a fund to the University of Toledo athletic department for the purpose of constructing the indoor track which is rapidly nearing completion.

Due to the fact that Toledo has no varsity football team this year, this donation will take the place of the annual football banquet which Mr. Page gives every year to the members of the Rocket football squad. This is the fifth year he has contributed to the athletic interest of the University through these affairs, the first one being held in 1927.

### Page Gives Banquets

Mr. Page is greatly interested in sports, especially football, having played the game in the good old days when the game was one of great strength and stamina instead of the scientific game which is played today. He fulfills his tremendous interest in this sport by giving yearly banquets to the gridiron squads of the high schools and University of Toledo.

Through these banquets Mr. Page has built up a spirit of friendship and good feeling between the teams and their members, which has gone a long way in making Toledo football the clean and sportsmanlike game that it is today.

In addition to his contribution to football in Toledo, Mr. Page has donated uniforms to the high school

bands, making them the finest high school organizations of their kind in the country.

Mr. Page is one of the greatest public benefactors Toledo has known. He is continually donating to charity, and is always willing to contribute his time and money to any worthy cause.
