6 - about Cigarettes

As to the cigarette paper on Chesterfields

This reel of cigarette paper is sufficient to make 42,000 Chesterfield Cigarettes. It is of the finest manufacture. In texture, in burning quality, in purity, it is as good as any paper can be. Cut open a Chesterfield cigarette. Remove the tobacco and hold the paper up to the light. If you know about paper, you will at once note the uniform texture - no holes, no light and dark places. Note also in dead white color. If the paper is made right - that is, uniformly - the cigarette will burn more evenly. If the paper is made right - there will be no taste to it and there will be no color from the burning paper. Other manufacturers use good cigarette paper, but there is no better paper made than that used on Chesterfield. You can count on that!

Chesterfield the cigarette that's MILDER the cigarette that TASTES BETTER

Junior College Courses Revised

Committee Recommends Changes in Rhetoric and Analytical

The Junior College Committee on Rhetoric and Analytical has recommended changes in the courses to be offered in the fall of 1934. The committee has recommended that the Rhetoric course be revised to include a study of the history of the English language and the development of the English language in the United States. The Analytical course is to be revised to include a study of the history of the English language and the development of the English language in the United States.

SUE & BETTY

Class Conventions Get Under Way

The class conventions for the Junior College are getting under way. The Rhetoric class is meeting in the gymnasium and the Analytical class is meeting in the auditorium. The conventions are being held in the afternoon and evening hours.

PURELY PERSONAL

Summer School Has New Courses

The Summer School is offering new courses for the first time. The courses are being offered in the afternoon and evening hours. The courses include English, History, and Science.

Pi Delta Chi Pledges Entertainment

With Spring Dance; Kappas Name Committees For Fall Affairs

The way tobacco is cut has a lot to do with the way Chesterfield burns and tastes

There are many different ways of cutting tobacco. A long time ago, it used to be cut on what was known as a Peace Cutter, but this darkened the tobacco, and it was not uniform. The cutters today are the most improved, modern, up-to-the-minute type. They cut uniformly, and cut in long strands. The tobacco in Chesterfield is cut right—you can judge for yourself how Chesterfield burns and how they taste. Everything that science knows is used to make Chesterfield the cigarette that milder... the cigarette that tastes better.

Chesterfield the cigarette that MILDERS the cigarette that TASTES BETTER
