Anchorage, Alaska 99501

Dear Mr. Gallagher:

We are well aware of the tremendous interest you have shown toward the Alaska crippled children and adults in our community and State.

Our State wide meeting of thirty five delegates, and our twentieth annual State Banquet was strengthened immeasurably by your being our guest speaker.

We have heard much favorable comment about the convention and the message you gave them as our speaker. We hasten to thank you sincerely and warmly for your generous help.

Very truly yours,

James Van Hoomissen
Executive Director
