Report of the Historian of the
Alumni Chapter of
Phi Kappa Chi Fraternity

At the present writing Phi Kappa Chi Fraternity has a membership of 113 members, twenty of whom are connected with the Active Chapter. There are also thirteen pledges who are on probation this week and should be eligible for initiation Saturday, February 26th.

Of the 93 alumni members of Phi Kappa Chi, 37 are in or near Toledo and are qualified to attend our regular monthly meetings. Our attendance has been in the neighborhood of twenty-two or 60% of the total.

During the past month your Historian, with the very able assistance of several of the Brothers was able to obtain information concerning 39 of the alumni brethren. This figure does not include the 20 active members.

Letters have been written to thirteen out-of-town members and five responses received.

The present addresses of 108 members are known and are available to the members. Information concerning all the brothers is cheerfully dispensed and will be even more gladly received.

Respectfully submitted,

W.B. Robison
W.B. Robison, Historian
