

Toledo, Ohio
April 26, 1927

Report of the Historian of the
Alumni Chapter of
Phi Kappa Chi Fraternity

Since the February meeting the membership of this organization has increased to 125. The active chapter now numbers 30 members. The number of pledges at this time is small.

The only alumnus to leave town since our last meeting is Ward #55(Great Lakes). One member of the active chapter has joined the alumni since the opening of the new semester. One former out-of-town alumnus is now in Toledo. In all the local Alumni body now numbers 41.

Letters have been received from 6 of the alumni during the past month. Available records show only one brother ill or in the hospital during the past month. This organization is to be congratulated upon its splendid health record to date.

Summary is attached showing membership listed both geographically and vocationally.

Respectfully submitted,

W.B.Robison, Historian
