

March 12, 1926.

Mr. C. L. Carpenter,
Honor,
Michigan.

Dear ~~Friend~~ Carpenter:

I have yours of March 1st and thank you very much for the invitation to attend the annual banquet but, as you know, I am very busy here and will be unable to attend.

I sent a man out to the Union Repair Co., and they informed him that your gun was shipped March 6th. I would advise you if you have any other work to be done of this kind, not to send it to this company as they are very careless and we received a number of complaints about them.

I have your pistol and have just neglected sending it to you but will do so at the earliest opportunity.

Do you remember the old man that I had working for me last summer at the cottage, named Frank Baatz. I received a letter from him stating that he is living in Detroit but expects to go back to Honor. If he is there I wish you would get word to him to look after my place again and to send me his address so that I may write to him.

I had a long talk with the O'Donnells a few days ago and they expect to come to Honor the latter part of this month. Everything in Toledo is about the same and I will be mighty glad to start north to the cottage as soon as possible.

Wishing you the best of luck, I am

Yours very truly,

HJ/S
