LIEBERS AND PRIVATE CODE

TOLEDO, OHIO, U.S.A.

March 5, 1923.

Chief of Police Jennings,
Toledo, O.

My dear Chief:

Your article in Saturday's paper pertaining to the slur you state as being cast by some people on the Toledo Police Force interested me to an extent that prompts me to write you on the subject.

I believe your action in so promptly ferreting out the ones suspicious of the crime in question emphasizes strongly the desire of the Toledo Police Force to give the protection we expect of them, as well as your efficiency in the control of your organization.

I wish to assure you that I for one, and I believe I express the opinion of many, am of the opinion that it will take more than the fall of one or two of your men to discredit our police organization.

I take this opportunity of commending you highly for your work and to express the wish that you will cooperate with our worthy Mayor Brough in the commendable work he is engaged in in trying to better conditions in our fast growing city.

I remain

Yours very sincerely,

A handwritten signature in cursive script that reads "Henry J. Hinde".
