IN REPLY REFER TO

FILE No. BC

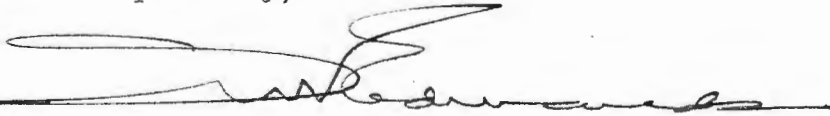

OFFICE OF SUPERVISOR OF RADIO
FEDERAL BUILDING
DETROIT, MICH.

Mr. H. Jennings,
Chief of Police,
City of Toledo,
Dept. of Public Safety,

Sir:

Your letter of the 1st instant in reference to granting an increase in power at radio broadcast Station WTAL of the Toledo Radio & Electric Company is acknowledged, and in reply I have to advise that it is impossible for the Department at this time to grant more increases in power to radio broadcast stations due to the congestion on all wavelengths assigned for broadcasting purposes.

Respectfully,

U. S. Supervisor of Radio
