Mr. Harry Jennings,  
Chief of Police,  
Toledo, Ohio.

Dear Chief Jennings:-

Now that I am back at the factory after my recent trip through the Middle West and am reviewing same, wish to take this opportunity to express my regrets at not being able to visit with you while in Toledo, owing to your illness.

Although I tried to reach you by telephone at your home and was unsuccessful, it did not just seem right to a Colt representative not to be able to say "hello" to Chief Jennings. In fact he thought that possibly there might be an opportunity to purchase several automobiles as was the opportunity of Mr. Phelps on one of his visits. At any rate, I surely would have enjoyed buying your lunch.

Both Mr. Phelps and Harry Lidstone had asked me to give you their personal regards and were sorry to hear upon my return to the factory, that you were absent from the office. However, I hope that on my next visit to Toledo I will have the pleasure of seeing you and in any event will look forward to seeing you at the Convention in Windsor should I miss you in Toledo.

With kindest regards, I am

Sincerely yours,

*Gene Mitchell*
