Honorable Harry Jennings,  
Chief of Police,  
Toledo.

Honorable and dear Sir:

We beg to acknowledge receipt of forty-two boxes of candy which you had the kindness to present to our children. There are some articles of food which our youngsters eat only under duress, but candy does not belong into this class. Please accept our cordial thanks for this favor.

May we add to this acknowledgment a request, also, even at the risk of being considered bold? Would it be possible for you, without undue inconvenience to yourself, at some time or other to address our children on some subject of interest and profit to them? We should be very grateful for an affirmative reply, and glad to leave the date and hour entirely to your choice.

Yours very respectfully,

THE LUTHERAN ORPHANS' & OLD FOLKS' HOME
