H. Jennings,
Chief of Police,
Toledo, Ohio.

Dear Sir:

Does your department have an automobile used for towing cars off the streets such as stolen cars, cars violating parking rules, etc? If you have, what charge do you make against the owner of the car before you release the car? Do you have ordinances which give you authority for towing such automobiles off your streets? If so, would you kindly send me a copy of same?

Very respectfully yours,

Chief of Police.
