Nov. 1st, 1926.

Chief Harry Jennings,
Police Headquarters,
Toledo, Ohio

Dear Chief:

I was surely sorry to read in the papers recently about the lunatic who has broken loose in your city again but only hope that you will be able to get him dead to rights and put him where he belongs.

My real object in writing this letter is the fact, in confidence, that through the American City and Municipal Index magazines, we have been requested to send literature on our Scout motorcycle to Chas. D. Hoover, Councilman, 2829 Lawrence Avenue, Toledo, Ohio. I am just wondering if he is a friend of yours or what was the game.

Has rumor traveled fast enough to have reached Toledo yet regarding the sale of 75 INDIAN SCOUTS and Sidecars to the Pennsylvania Highway Patrol regardless of the fact that our competitive gentlemen friends used every means ever known and a lot never heard of to try and land this business? Just think this one over. This is another news item that they won't be able to publish in this weeks record of police sales.

Very truly yours,

INDIAN MOTORCYCLE COMPANY

W. S. Bouton
