

November 19, 1926.

Mr. W. S. Bouton, Mgr.,  
Municipal Sales,  
Indian Motorcycle Co.,  
Springfield, Mass.

Dear friend:

I notice in your letter of November first that you sold seventy-five motorcycles with side cars attached to the Pennsylvania Highway Patrol. You can just write another letter to your various dealers and police departments that the city of Toledo will buy a number of machines next year and the bet is ten to one they will not be Indians. I am quite sure that we will buy some other make next year and I would not be much surprised if they were a khaki colored machine.

I have this to say for the Indians, their service is rotten, and their treatment is much worse.

I am writing this for your personal information.

Yours sincerely,

HJ/S

Chief of Police.
