Dear Sir:-

So that there is no misunderstanding about it and so that the public may definitely and clearly know the real facts, I wish to hereby declare as forcefully as I can that I HAVE NOT, DO NOT, NOR WILL I expect or ask for any appointment, job or favors from the Christensen administration if it is elected to office nor would I accept it if offered.

I have a private business of my own which is requiring all of my time and energies and I am not interested in public office or any political appointment.

Respectfully
