

Mendocino.  
July 28, 1945.

Dear Mom + Bill,

Received several letters from you the other day. Had one from Guy to + one from Eileen. Haven't heard from Betty for a long time now. She must not be writing much.

So they took Homer B. back did they you think that he will stay this time for good. What is he in or don't you do he taking any training. Maybe they put him in the Army of Occupation. How long is Wayne J. home for. Eileen said she saw him at a dance some place. Don't remember where though.

What is Herbert doing. Can't he stay in place and work or does he hold a job about week and quit it. I wish he was old enough for the Army. They would give him a job that he would hold, I'll bet.

Have you heard anything about Tom and Lloyd. I haven't heard from Tom for a long time. I think you said something about him getting shot for the South Pacific. Get the page full so will have to close for this time.

So long for now. Love Bill
