- Federation—Miss Suzanne Hascall.
- Publicity—Miss Genevieve Foley.
- Finance—Miss Florence Dority

DUES ARE DUE

Lip-Reading Scholarship

The Y. Missionary Board, of which Miss Agnes Hardee is President, has again offered a lip-reading scholarship. We take this opportunity to thank Miss Hardee and the Board for their generous act.

A Newspaperwoman's Experiences

In a talk to members of the League, Miss Mary Jane Riley, club editor of the News-Bee, sketched some of her experiences in newspaper work and told incidents of interesting interviews had with various celebrities. The talk was much enjoyed by the members who found Miss Riley's lips very easy to read.

THE RECEPTION

The reception to the new secretary, Miss Genevieve Foley, on Tuesday evening, February 7, was a very happy occasion—attended by almost one hundred guests.

The president of the League introduced Miss Foley who showed her pleasure in the large attendance and gracious welcome extended to her.

There may be larger Leagues in these United States but none with members filled with more genuine interest and enthusiasm.

Miss Suzanne Hascall with her committee composed of Mrs. Bergman, Mrs. Pratt and the Misses Hattie McConkey, Helen Camp and Ella Weisenberg assisted thruout the evening and Mrs. Mandler poured tea at a beautifully decorated table which had been placed in the large assembly room.

Miss Hascall gave several numbers on her flexatone, accompanied at the piano by Miss Lillian Paquette.

A Message from the Secretary

Long have a heard of the wonderful spirit in back of the Toledo League for the Hard of Hearing and long have I wished to see the achievements that this spirit has brought into being. Such tangible evidence one finds, however he may turn in this beautiful club house! Even the inanimate things seem to have absorbed this spirit and offer a welcome to those who step within the doors.

Toledo can justly be proud of what it has accomplished and its high rank among the other organizations of the city prove that the splendid work being done by the League is recognized by those who are striving to better the living conditions of those who need assistance in overcoming their handicap. We, whose lives have been brightened and taken on a new meaning because of the educational and recreational advantages offered by the Leagues for the Hard of Hearing, should do our utmost to reach others who may have need of our branches of service.

There is an additional phase of the work, the vital importance of which is being realized more and more by those investigating conditions of the hard of hearing, and that is the problem of employment. There is much to be done by our workers in this field, for, without employment there would be many who would not be in a frame of mind to receive the benefits of what this beautiful club stands for.

The future lies before us and I ask your cooperation that the coming year may see the fruition of the plan to build up the departments now functioning and draw within our club many more people who need our help.

One can ask no greater blessing than work one loves to do and congenial surroundings in which to do it. I feel that I have found both and I thank you all for your warm welcome tendered to me at the reception. I shall do all within my power to live up to your expectations and the traditions of the Toledo League for the Hard of Hearing.
