Mr. Richard Gosser
Toledo Health & Retiree Clinic
Toledo, Ohio

Dear Mr. Gosser:

I don't know exactly how to write this note to you, but I feel the need to thank you so much and to tell you how much we appreciate what you have done for us as well as so many people, that I just must attempt it.

For years now my husband I have been so thankful for the help with prescription medicines that we both need and which, through the Clinic Pharmacy, we are able to purchase at such a savings.

And now, I am taking advantage of the Physical Therapy Department facilities at the Clinic which are enabling me to walk and take care of myself, my husband and son, and home. I cannot begin to tell you how impressed I am with the Physical Therapy Department and those who make it what it is. I had steadily gone down-hill for the last two years, seemingly doomed to sit and weep with pain, but I made up my mind to see Dr. Richard Baer and after my start with therapy at St. Vincent's Hospital, he advised me to see if I could continue with therapy at your Clinic.

Well, I'll never be able to tell you how everyone has gone out of their way to be kind and good to me and the serious intent of these wonderful therapists to get me on my feet again. Mrs. Sharp and Mrs. Click are working ~~so~~ hard to bring me back. It's wonderful to have people who really care.

So, Mr. Gosser, this is a long, over-due thank you letter. Thank you for bringing the Clinic into being -- thank you that we may buy our prescriptions at a discount (and we buy a big amount as my husband is handicapped too from an accident in our home and then a severe coronary) -- and thank you for the Physical Therapy Department which you can certainly be proud of.

May God bless you and strengthen you.

Sincerely,

Annette Bristoll

Mrs. E. J. Bristoll
