Herbert Jennings,  
Chief of Police,  
Toledo, Ohio

My dear Mr. Jennings:-

During the course of our shop meetings it was our pleasure of having Patrolman Roth of the police department speak to the men of The American Bridge Co and The Toledo Shipbuilding Company. Mr. Roth gave a splendid address at each place and we believe that the work he is doing should receive favorable comment. A thorough understanding of the workings of the Police Department, it seems to me, is the right policy and we felt that this word of appreciation should be sent to you. If at any time the Y.M.C.A. and its organization can be of any service to you or if we can cooperate in any way be assured of our willingness to do so.

Sincerely Yours,

E.V. Reed,  
Community Secy.
