

September 15, 1926.

Mr. Grove Patterson,
Editor, The Toledo Blade,
Toledo, Ohio.

Dear Mr. Patterson:

I am enclosing four Courtesy Cards with my signature and respectfully request that you fill them out with the names of the men who are employed in your engraving department at night, so that they may be shown some courtesy by this Department and save them from being molested when they leave their work in the early morning. I wish to assure you that we were in the wrong when we held Mr. McGarry in jail some few days ago. I have taken this matter up with the Inspector of Detectives, Captains and Turnkeys and am sure there will not be another such occurrence while I am connected with this Department.

Yours very truly,

Chief of Police.
